🪪 PROFILE

A software developer with a passion for enhancing productivity and team workflows leading to a better time-to-market and developer experience.

🎨 SKILLS

Technology Strengths
HTML, CSS, JavaScript, React, React Native/Expo, Storybook, Vue.js, Git/GitHub/GitLab, Firestore (NoSQL Database), Code Testing, and Jira.

💼 RELATED WORK EXPERIENCE

Front End Web Developer   07/2022 – present
Medavie Blue Cross   Conception Bay South,
- Worked on a small team to create an accessible Vue 3 component library that will   Canada
  be used across company-wide projects and demoed completed work to stakeholders
  and other development teams.
- Created automated testing for an Insurance Application containing three
  different products.
- Created a proof of concept Ember component library that integrated with
  Storybook.js.

Junior Front End Developer (5-week work term)   04/2022 – 05/2022
Verb Interactive   Halifax, NS
- Implemented the visual redesign of a web-based application for a real estate
  client using React and Material-UI.
- Tested and resolved React Native code bases for compatibility issues with Apple
  computers with M1 chips.

Junior Web Developer (Co-op Placement)   05/2021 – 09/2021
Target Marketing   St. John's, NL
- Animated hundreds of HTML5 ads for various clients that appeared on CBC.ca,
  Cinplex.com, VOCM.com, and many more.
- Helped create a streamlined developer hand-off process, resulting in increased
  digital ad build times and complete accuracy to design mockups.
- Helped improve the data entry process for use with Google's Firestore database,
  resulting in quicker data uploads/downloads, easier data refactoring, and the
  ability to backup data locally.
- Created written and video documentation for custom and industry-standard CMSs.

🎓 EDUCATION

IT Web Programming (Co-op)   09/2020 – 04/2022
Nova Scotia Community College   Sydney, NS
- Program is a mix of full-stack web and software development.
- Graduated with honours.
- First-Year Class Rep.

Get Coding 🔗   04/2021 – 05/2021
- Met every week for code review and mentorship.   St. John's, NL
- Upgraded vanilla JavaScript skills and learned Git.
